

THE

ASSET & VISION

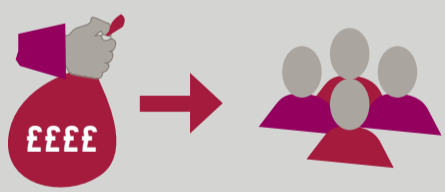

The Resurgam Community Development Trust

WHO ARE WE?

Lisburn's population has continued to grow over the past decade and with it a demand for social housing. Resurgam aims to refurbish and build houses in Lisburn, renting them out in accordance with standard practice and re-investing the profits into the community. This approach means the local community effectively owns the houses and is empowered to provide the other social facilities needed for a positive and healthy housing environment.

RESURGAM'S TRACK RECORD
